## EDGE MD - EDGE MD ULTRA

### EDGE MD - EDGE MD ULTRA A GAME CHANGER

**EDGE MD** is a mould destroyer that protects your grains and machinery.

**EDGE MD Ultra** is a highly concentrated liquid that destroys mould from already damaged grains.

Many mills and grain handling companies are facing big problems with mould infested grains. Mould affects the product quality of processed grains. Infested grain dust has huge impacts on your employees/customers health, from smaller irritations of respiratory system to deadly farmers lungs.

To avoid these hazardous effects, we provide a solution to protect them - and especially the product.
